PRANAY PANT

Senior Frontend Engineer • Next.js Expert • Performance & UI Architecture

Dallas, TX • +1-479-402-1614 • punch.up0079@gmail.com

SUMMARY

Frontend specialist with 8+ years building high-performance, scalable UI systems using React, Next.js, and TypeScript.

Expert in large-scale migrations, performance tuning, accessibility, and CI/CD automation.

CORE FRONTEND SKILLS

React, Next.js (12–14), TypeScript, Tailwind, React Query, Storybook, SWR

Testing: Playwright, Cypress, Jest, a11y

Performance: Bundle optimization, Lighthouse, SEO improvements

DevOps: GitHub Actions, Azure DevOps, Docker

EXPERIENCE

Frontend/UI Engineer — CVS Health (2023–Present)

- Rebuilt entire legacy RN-web UI into Next.js 13 App Router.

- Reduced bundle size and improved SEO via performance tools.

- Implemented React Query, SSR, accessibility test stack.

- Automated CI/CD testing using Playwright + Storybook.

Senior Frontend Engineer — Red Ventures (2021–2023)

- Migrated multiple apps to Next.js + TypeScript.

- Standardized architecture using Tailwind + Context API.

- Implemented ISR and GraphQL-driven static generation.

Software Engineer — Magellan Health (2020–2021)

- UI-focused development in Agile sprints.

- Built E2E automation for authorization portal.

Software Engineer — Walmart Labs (2017–2020)

- Built CMS tools and dashboards for internal health systems.

EDUCATION

B.S. Computer Science — UCSD
